

Icom M802 SSB to Necode 322ARX

I Connector information

ACC	Pin	Pin name	Description	Necode Connection
	1	CWK	CW and FSK keying input.	
	2	AF GND	Ground line for AF signal.	GND (Blk)
	3	SEND	Input/output pin. Goes to ground when transmitting. When grounded, transmits.	PTT (Wht)
	4	MOD	Modulator input. Usable when pin 3 is grounded.	MIC (Red)
	5	AF	AF detector output. Fixed, regardless of [VOL] position.	REC (Grn)
	6	NC	No connection	
	7	13.6 V	13.6 V output when power is ON	* Power should be from alternate supply due to RF
	8	ALC	ALC voltage input.	
	*	DC GND	Common ground.
